Sound Techs

Perfect fit for:

Sound Techs help to set levels for audio, set mixes for the Worship Team and Choir, and ensure that every piece of the service is audible both in-house and online. Sound Techs are asked to be present 30 minutes to an hour before services, and run sound throughout each service. Sound Techs do NOT need any training before volunteering to serve, as we have people available to train you! If you are interested in being a Sound Tech let us know [HERE](#).

Computer/Screen Techs are asked to be present about 30 minutes before services, and throughout each assigned service. Computer/Screen Techs do NOT need any training before volunteering to serve, as we have people available to train you! If you are interested in being a Computer/Screen Tech let us know [HERE](#).
